Smart Power, Fast Charging

The Geely EX2's liquid-cooled battery system delivers consistent performance and reliability,while 1.66C fast charging enables 30% to 80% recharge in only 25 minutes.

High-Strength Frame

The high-strength frame enhances overall rigidity and stability, providing solid protection and precise handling.

Cage Body

The high-strength cage body enhances rigidity and distributes impact forces evenly, keeping passengers safe in every situation.

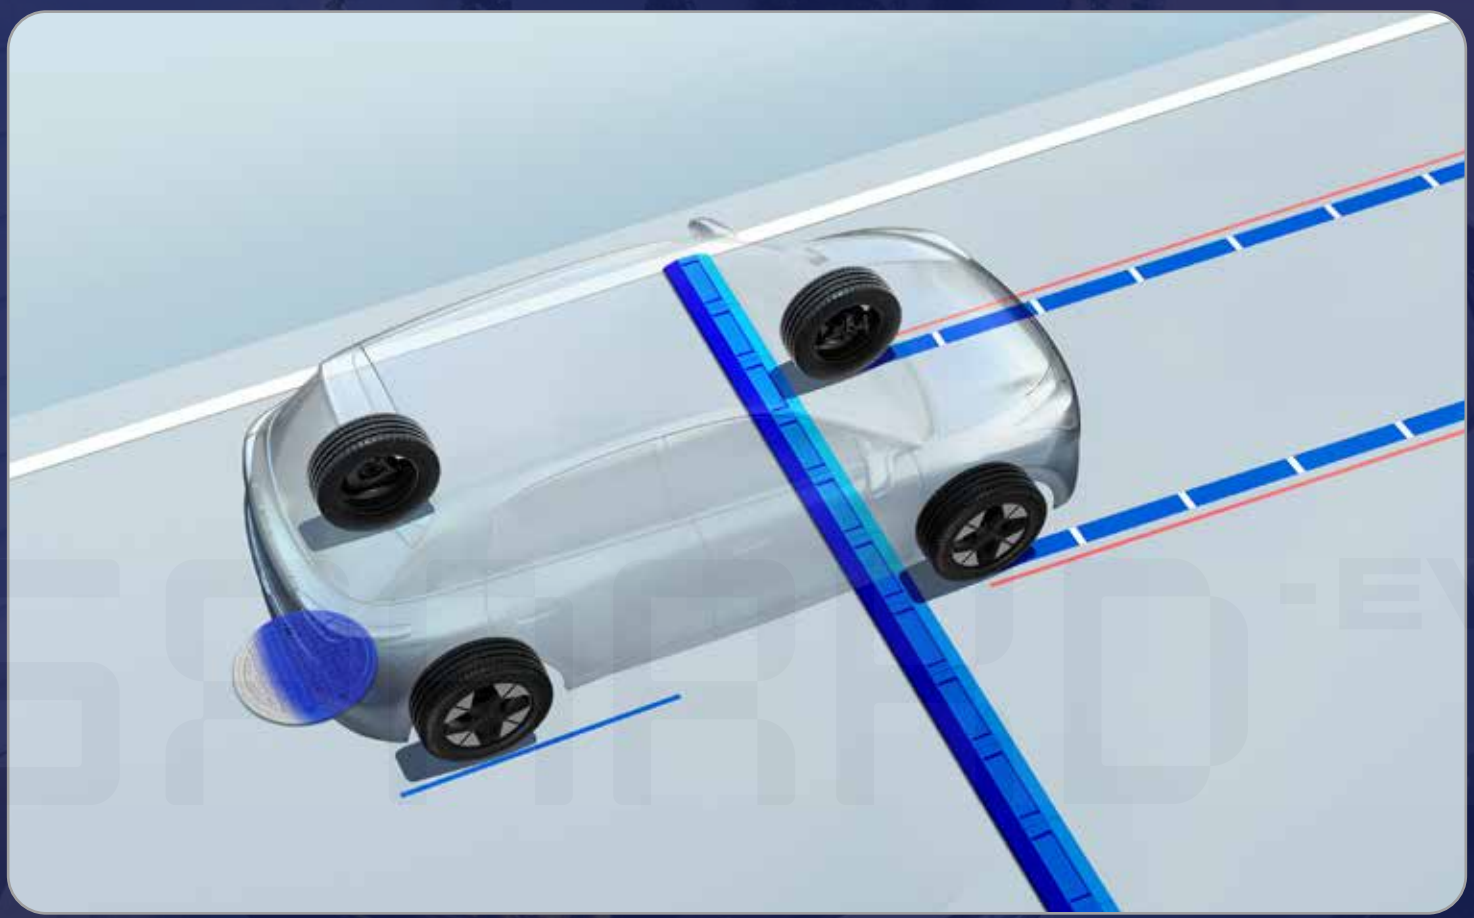

Rear Sub-Frame Protection

he reinforced rear sub-frame adds an extra layer of protection, helping absorb impact and protect key components in a collision.

Advance Tech for Every Dimension of Driving

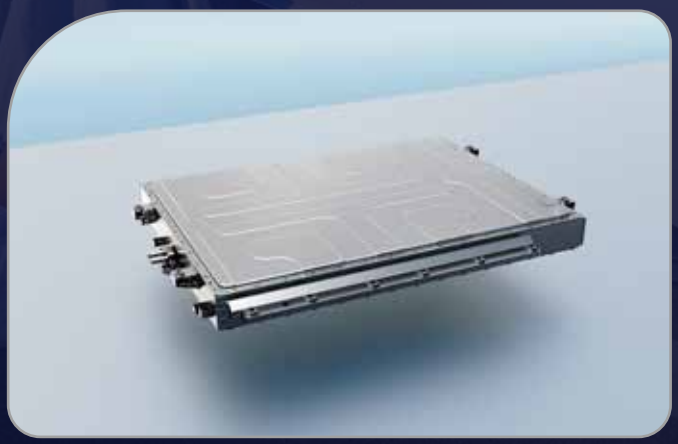

540° TRANSPARENT CHASSIS

The class-exclusive 540° Transparent Chassis gives you real-time visibility of your surroundings, even beneath the vehicle. Its intelligent system automatically activates in complex conditions, displaying a clear underbody view on the immersive central screen.

TRI-DIRECTIONAL STRUCTURE

Designed for all-round protection, the tri-directional energy absorption structure absorbs and redirects collision energy from multiple directions to keep occupants safe.

11-IN-1 INTELLIGENT E-DRIVE

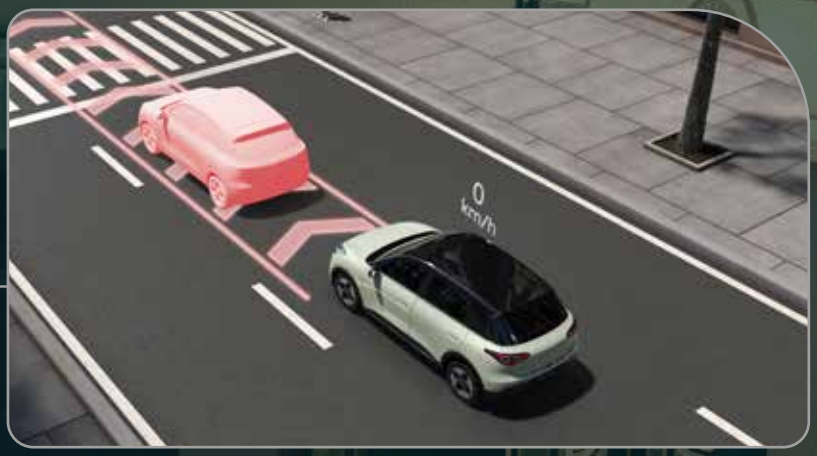

The 11-in-1 intelligent e-drive integrates motor, gearbox, and control systems into a single compact unit, delivering stronger efficiency, quieter operation, and smoother power response.

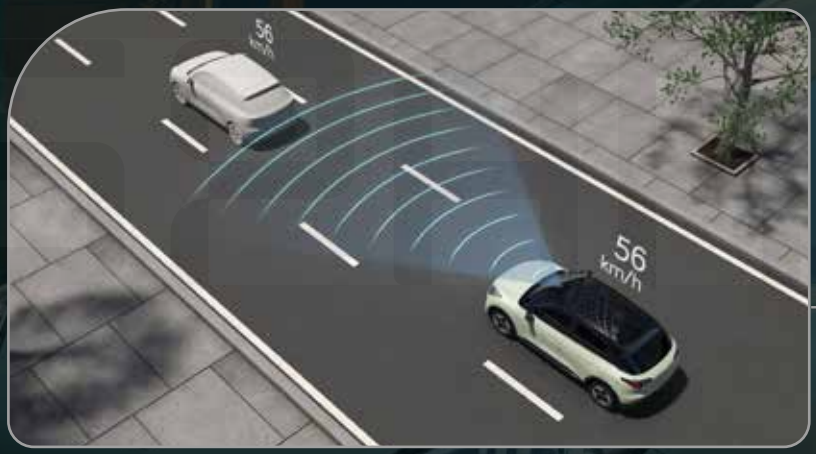

ADAS FUNCTIONS

AUTOMATIC EMERGENCY BRAKING

Automatic Emergency Braking (AEB) monitors the road ahead and applies the brakes if a collision risk is detected, helping to reduce or avoid impact.

ADAPTIVE CRUISE CONTROL

Adaptive Cruise Control (ACC) keeps a safe distance by matching your speed to the traffic ahead, helping you drive comfortably and safely on highways or in slow-moving traffic.

LANE DEPARTURE WARNING

Lane Departure Warning (LDW) alerts you when the vehicle begins to drift from its lane, helping you stay safely on course.
