Electric Made Effortless
The Geely EX5 EM-i is more than a vehicle; it's your gateway to smart, sustainable mobility.With sleek design, intuitive technology, and Smart hybrid performance, it's built to move you forward with ease, style, and purpose.

Designed to Make a Statement
With its confident stance and flowing proportions, the Geely EX5 EM-i embodies the future of electric design. Every line speaks of motion, every angle reflects purpose, a bold presence crafted to stand out on any road.

EVERY MILE, IMMERSIVE

Panoramic Sunroof

Panoramic sunshaded sunroof with 11-stage of opening and closing for higher flexibility

Alloy Wheels

Premium designs that complement the bold, dynamic exterior with 19" Goodyear tyres (MAX only)

LED Headlights

Striking illumination with modern styling.

Stylish Tail Lights

Distinctive signature that commands attention.

EVERY MILE, IMMERSIVE

Class Leading Multi Layers Marshmallow like Comfort Seat
Exceptional comfort and support designed to reduce fatigue on longer journeys.

Front Row First-Class
Class leading comfort design with unique Zero-pressure sponge

Ventilated Front Seats
Experience rapid cooling comfort with intelligent three-speed ventilation

Spacious Rear Legroom
Comfort for all, with an exceptional 1,005 mm of rear legroom.

Driver Seat Memory
Save your perfect position and recall it with one touch.

EVERY MILE, INTUITIVE

Hi Geely:
With the “Hi, Geely” intelligent voice assistant, the Geely EX5 EM-i responds to offline Voice Control that supports selected in-vehicle functions without requiring an internet connection, including window operation, sunroof control, bluetooth music playback, and other features that function independently of network connectivity.

15W Wireless Charging
Driver’s seat equipped with wireless charging.

16-Speaker Flyme Sound
1,000W amplifier with roof-mounted sky audio and dedicated subwoofer.

Intelligent Headrest Speakers
Private listening without disturbing passengers.

EVERY MILE, INTUITIVE

FLYME AUTO

Flyme Auto seamlessly integrates smart connectivity and immersive entertainment, transforming every drive into a cutting-edge experience, allowing easy connectivity with both Android and iOS devices.

V2L AND V2V

The V2L and V2V functions deliver up to 3.3kW of output power, enabling you to charge external devices or even other vehicles, offering exceptional flexibility wherever you go.

THREE SCREEN INTEGRATION

The Geely EX5 EM-i features a 10.2-inch full LCD instrument panel, a 15.4-inch central control screen, and a 13.8-inch HUD, providing intuitive and synchronized control for a more connected and immersive driving experience.

MORE ROOM FOR YOUR NEXT ADVENTURE

The Geely EX5 EM-i welcomes you with spacious seating, refined finishes, and a clean, modern layout. Ergonomic seats offer lasting comfort, while smart storage keeps everything in place. Add to that ambient lighting, and every detail feels made just for you.

30+ SMART STORAGE SOLUTIONS

Cleverly designed compartments throughout the cabin give you over 30 ways to keep essentials organized and within easy reach

EVERY MILE, INSURED

EURO NCAP

★★★★★

540° PANORAMIC VIEW CAMERA

Advanced safety sensors and cameras monitor your surroundings in real time, delivering protection from every direction.

ENGINEERED FOR IMPACT

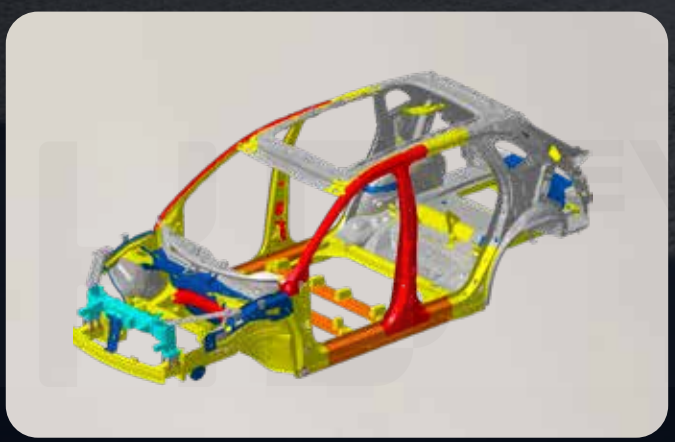

Built around an ultra-high-strength steel cage with intelligent crumple zones and 6 standard airbags, our safety is engineered into the core of the vehicle.

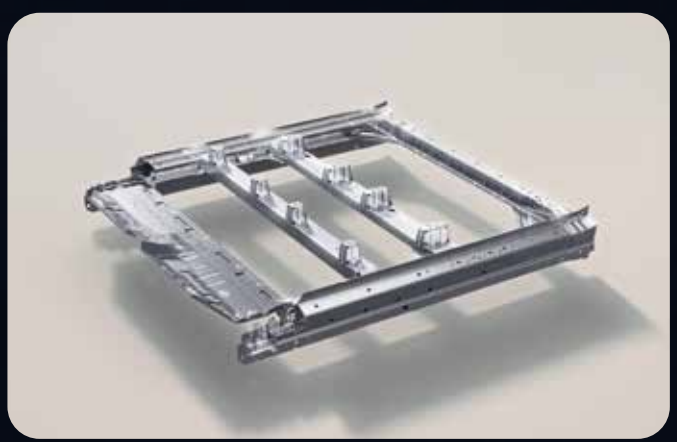

SAFETY STRUCTURE

Geely's innovative GEA platform provides 140mm+ of safety distance between the battery and fuel tank, and the Shield Battery System protection keeps the hybrid battery system isolated, eliminating potential issues.

TESTED BEYOND LIMITS

Pur through 100+ full-scenario extreme working condition tests, 80 more than the national standard, including simulated collision, mechanical shock, immersion, damp heat cycle, salt spray, and thermal propagation.

BATTERY COMPARTMENT STRUCTURE

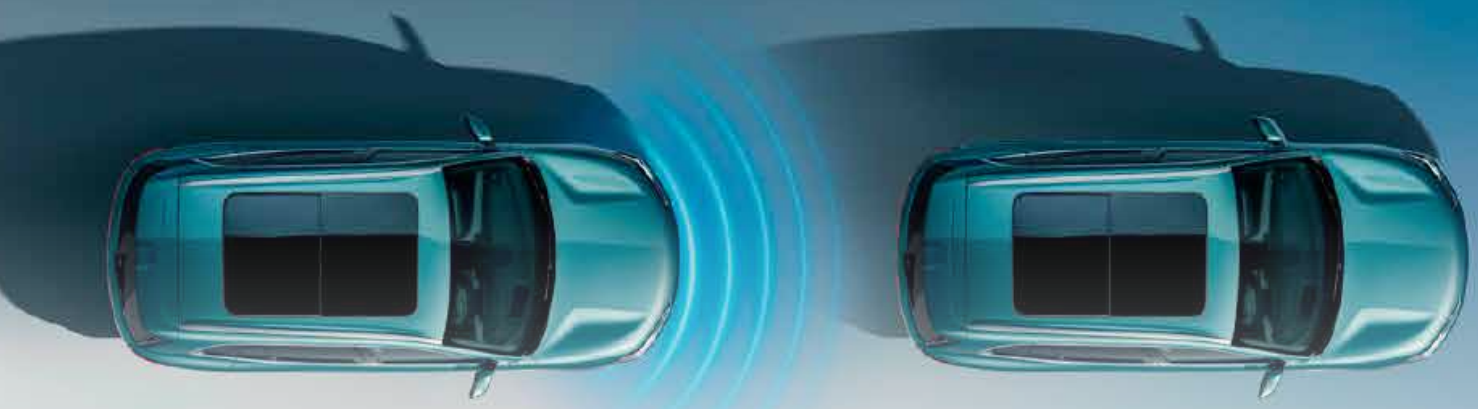

The innovative structure maximizes battery protection, keeping the batter cells safe from compression during impacrs, ensuring consistent stability in all conditions

GEA - GLOBAL INTELLIGENT ELECTRIC ARCHITECTURE

GEA is the intelligent architecture behind the GEELY EX5 EM-i, optimizing space, energy efficiency, safety, and performance for a smarter and more dynamic drive.

ADVANCED DRIVING ASSISTANCE SYSTEM

It's got your back for miles, with an array of intelligent Advanced Driving Assistance System (ADAS) , designed to make every journey safer and more effortless.
